

Futurus 16x50 Woodworth (Sku # 22034C)

Camouflage Coloring

High Magnification | Rubber Armored

Futurus 16x50 Woodworth Sku # 22034C

The Futurus 16x50 Woodworth binoculars combine high magnification and compact dimensions. They are meant for close-up observation of remote objects being a perfect option for stand hunting. Coating of the Woodworth™ binoculars combined with other means of disguise allow a hunter to stay unnoticed during observation. Rubber armored covering combined with dust-protective gaskets ensure trouble-free operation in unfavorable conditions (rain, snow, etc.). All Futurus binoculars come equipped with a wide handy strap and carrying case for safe storage and transportation.

Overview

Optics

Optical parts of the binoculars are made of high quality optical glass with the True Color™ multicoating, which ensures high light gathering capacity, fine color rendering, bright and crisp image along the entire field of view.

The Eclipse™ caps

The Eclipse™ objective lens caps are fixed on the binoculars' housing to secure them from being lost. The objective lens caps can be thrown back on the binoculars' body, fitting closely on it without disturbing observation.

Eyepiece caps

Eyepiece caps protect eyes against side flash thus increasing image quality, the caps can be removed, if necessary.

Tripod mount

With a 1/4" adapter the binoculars can be attached on a tripod.
