

Scout 20x50 (Sku # 21021)

Compact & Lightweight

Collapsible design | Long distance observation

Scout 20x50 Sku # 21021

The Scout is Yukon's compact high-power spy glass spotting scope that provides unique, high quality viewing at an affordable price that delivers 20x magnification with a practical, attractive, ergonomic design. Experience the fascination of nature at close range with the Scout series of high power spotting scopes. If you are interested in observing the wondrous world around you more intensely, for longer periods of time, and with greater magnification than that provided by most binoculars – this Scout scope is for you. The scope's most distinctive features are its collapsible body and large 50mm objective lens. It is the perfect scope for beginners or experienced optic users, and the Scout makes a great gift.

Overview

Body Description

Encased in durable, water resistant, rubber armor, the Scout can withstand rigorous use and can be used for both hand held and tripod use. The Scout's body can be retracted inward, reducing scope size, making it perfect for travel.

Optics / Performance

The considerable surface area of the 50mm objective lens provides immense light gathering capability, producing high resolution in a variety of lighting situations. Yukon's special multi-layered magnesium fluoride coating contributes to the sharp imaging.

Features and Benefits

- Durable Rubber Armor Body
- Rugged & Collapsible Design
- Compact & Lightweight
- Immense Light-Gathering Capability
- Stationary Sighting Device
- Multicoated Optics
- High Resolution
- Water Resistant
- Tripod Mountable
